

COMPANY PROFILE

Established: June, 2006

Registered capital:10 million Yuan *

Number of employees: More than 120 people, 80 people with college education

R & D team: 35 people

Service Content: Full set of industrial laser application solutions

We have sold our machine to more than 50 countries all over the world, like, USA, UK, Italy, Germany, Brazil, Russia, South Korea, Mexico, Spain, Canada, Finland, Estonia, India, Indonesia, Egypt, Singapore, Laos, Myanmar, Vietnam, Mongolia, Mexico, Brunei, Thailand, Pakistan, Vietnam, Singapore, Iran, Turkey, Bahrain, France, Denmark, Sweden, Netherlands, Poland, Norway, Pakistan, Kuwait, Saudi Arabia, United Arab Emirates, Romania, Bulgaria, Spain, Portugal, Morocco, Poland, Monaco, Algeria, Malaysia, Japan, etc.

Products: Laser welding, laser cutting, laser marking,3D laser inside engraving, automation, robotics, 3D printers and other series of equipment

Patents and certifications: We have 1 invention patent, 21 utility model patents, 6 appearance patents and 4 computer software copyrights.

Subsidiaries: Suzhou Branch, Wuhan Branch, Shenzhen Branch

Offices around the country: Set up offices and distributors in many key cities across the country, serving radiation throughout the country.

COMPANY PROFILE

PRODUCT DECRIPTION

3D CRYSTAL LASER SUBSURFACE ENGRAVING MACHINE ------HSGP-5KB/4KA/4KB/3KC/3KL/3000

PRODUCT DECRIPTION

Our Laser engraving 3d crystal photo studio printing machine is professional to engrave the 2D or 3D photo, design inside of the crystal cube or glass by laser.

Can be widely used to open a shop in malls or tourisim place, even can open a shop on line for 2D, 3D crystal photo engraving, art photo engraving, personalized crystal gift engraving, high precision crystal product mass processing, glass decorating, glass marking, high-grade glass anti-counterfeiting and other areas

Equipment Advantages:

- Using advanced galvanometer technology with 3-5 KHZ diode-pumped
- YAG frequency-doubled laser, the explosion point is very fine and bright, engraving speed is faster, the pattern is more refined, vivid and lifelike;
- The key components are from Germany and the United States. The design is more reasonable and the long-term working stability is good.
- Equipped with self-developed software to create 3D portraits with 3D cameras;
- To meet the needs of personalization and batch rapid processing, a single device can meet multiple store network sales and e-commerce network sales.

PRODUCT DECRIPTION

TECHNICAL PARAMETERS

Model No.	HSGP-5KB	HSGP-4KA	HSGP-4KB	HSGP-3KC	
Max.Working Area	300*400*130MM				
Max.Working Speed	3000,000 dots/min	2400,000 dots/min		1800,000 dots/min	
Frequency	5000HZ	4000HZ		3000HZ	
Focus Dia./Resolution	0.02mm /800-1200 DPI				
Cooling	Air Cooling				
Laser Source & Software	HOLY LASER				
Power consumed	≤1500W				
Warranty	2 Years				

TECHNICAL PARAMETERS

Laser Source	HOLY LASER			
Laser Module	Germany Dilas DILAS			
Q-Switch	U.K. Gooch & Housego			
Switch Power Supply	TAIWAN MEANWELL			
Software	HOLY LASER			
2d-3d softeware	HOLY LASER / TAIWAN SHAP MG			

TECHNICAL PARAMETERS

Model No.	HSGP-3000			
Support Person No.	1-3 person(take photograph person each time)	Effective Pixels	8,000,000 pixels	
Maximum image capture range	600mm(W)*600mm(H)*600mm(D)	Flash	yes	
Exposure time	≤ 1 second	Measuring range	400mm(W)*300mm(H)*400mm(D)	
3D measurement accuracy	≤ 0.1mm		DXF\ASC\GPD\XYZ The output data can be docked directly with the crystal engraving machine, which can scan eyebrows and hair data (parts). When bidding, a crystal inner engraving containing the scanned face data must be taken as the acceptance criteria	
Automatic processing time	≤ 1 second	Data output form Visible		
Object shooting distance	1.1-1.5m		No harm to the eyes, using high- brightness LED cold light source, non- heating light source life is greater than 100,000 hours. The system is equipped with a filter system to filter out the light in the environment, reduce noise and improve data quality.	
3D measurement angle	One-way 180° real imaging	Visible light technology		

Advantages

- High Speed Scan Ablity
- Well-known Parts Support Trustworthy Quality
- Over 12 Years Research Experience
- Improved After-sales Service 24 hours online Timely Response
- Self-Developed Softwares & Laser Source
- 2 Years Warranty

APPLICATION

Crystals, Glasses, Acrylics, Polycarbonates or Methacrylates, etc.

Can be widely used to open a shop in malls or tourisim place, even can open a shop online for 2D, 3D crystal photo engraving, art photo engraving, personalized crystal gift engraving, high precision crystal product mass processing, glass decorating, glass marking, high-grade glass anti-coun-

TRADE SHOW

SERVICE

If we start our business relationship, we will sign the contract in accordance with the final negotiation results and strictly perform the contractual obligations.

We provide 2 Years warranty (except for wearing parts), we will respond in 24 Working hours for after-sales problems. If the problem cannot be solved remotely, after our technician confirms that it is necessary to send the damaged parts for repair or replacement, we will update maintenance progress within 48 hours after receiving the parts!

We will provide lifetime technical maintenance and software service upgrades!

PACKING & SHIPPING

PACKING:

- Waterproof membrane packing inside
- Professional Export Standard Fumigation-Free Plywooden Case

SHIPPING:

- Air shipping
- Sea shipping
- Land transportation (Mainly for Moscow,etc Customers)
